A. Cover Sheet

Please complete and submit a [proposal cover sheet](#) as part of your grant application.

B. Narrative

This portion of the grant application will help us understand how the work you propose will strengthen your community.

Please give us your thoughts about each of the following:

- **Community.** Describe your community's needs and opportunities as they relate to your proposal.
- **Proposed work.** Describe the specific work and activities you propose and how they will move your community forward in ways that complement the Foundation's vision of healthy, vibrant communities as places where basic needs are met, mutual regard is prized and opportunities for economic, civic and social participation are within everyone's reach.
- **Impact.** How will you define and evaluate the success of your work? How will you share your results and lessons with the community and others?
- **Your organization and resources.** Describe your organization in terms of its mission, goals, staffing and stakeholders. What experience, learning, connections or other non-financial resources does your organization bring to the work you propose? What non-financial resources do you need to access or develop for your proposed work to be successful?
- **Partners and networks.** Describe the others you propose to work with to accomplish your goals. What is your organization's history with these partners, and how will they contribute to your work?
- **Looking ahead.** How do you anticipate your community will change in the coming years? How will your work and organization evolve to fit those changes?
- **Anything else.** Is there anything else we should know in order to understand your proposal and its potential impact for your community?
